EDUCATION

FULL STACK DEVELOPER PROGRAM • NOV 16 20- FEB 21, 2021 •
UPENN/TRILOGY EDUCATION

At UPenn I learned the fundamentals of being a productive developer with healthy habits for approaching projects. Equally capable of working in a team or individually to plan and scale projects from wireframes to working applications. While using version Control to track progress and commits. Comfortable using documentation with other problem-solving methods to troubleshoot errors.
